

## BENEFITS

Atlantic Veterinary Hospital wants to be the primary healthcare provider for your special friend throughout every stage of life. We strive to make pet healthcare both convenient and affordable for you. Each **Wellness Plan** provides all essential preventive healthcare services for one year, plus discounts on any additional care your pet may need. Plans may be changed to a different plan when the need arises.

Some benefits universal to all our **Wellness Plans** are:

- Complimentary wellness exams with your pet's doctor
- All recommended core vaccines and routine diagnostic screening test
- Low exam co-pay for other scheduled health exams and consultations
- 12 affordable monthly payments
- 24/7 online access to your pet's health records

Ask one of our team members which **Wellness Plan** is right for your pet and enroll today!

## WELLNESS PLAN OVERVIEW

Puppies and kittens inherit a natural immunity from their mother that helps protect them from birth until about 6 weeks of age.

After 6 weeks, your pet depends on you to continue that protection until their own immune system is fully developed. A **Wellness Plan** is designed to continue that protection by providing all services necessary to carry your young pet through the important first year of life.

Preventive, routine healthcare is the key to a longer, happier life for your young pet. The puppy and kitten plans offered by **Atlantic Veterinary Hospital** include all essential examinations, vaccines, lab work and other tests recommended in the first year of life. If your pet has not been spayed or neutered, there is a plan that includes the pre-surgical blood work, hospitalization for the day, surgical procedure, post surgical comfort package, and medical progress examination.

For maximum protection, we strongly recommend you enroll your pet in a Wellness Plan between 6 weeks and 5 months of age.
